

Annual Report from Dennington Sports Club – July 2020

Our last charity event was very successful raising just over £2000 a psychic medium night with Ryan Gooding. It was really enjoyed by all who attended and from memory 150 attended which was a sell-out. We are desperate to carry out some work to the play area, so it will all go towards that. We also were successful in £10,000 government grant. I have two quotes for new equipment and urgent repairs with comes in at £16,000. We have not had a meeting to speak about the quotes and if we will go ahead with the full items and it is essential that we carry out the maintenance.

Yoga has been taking part on the field weather permitting and we took the decision not to charge for them to use it as they are unable to use indoor facilities. Prior to the pandemic all other sporting activities were doing well. Bowling had picked up a few more players I believe, badminton has still been popular with its regulars, Tennis is doing well with membership and it's been a welcome sight to see football back on the sports team with the young players. I understand Tim Moses and the other coaches are hopeful to insist them into a league although I'm currently unsure how- Covid may mean the application has been put on the back burner.
