Report for Parish Council Meeting

Dennington WI has maintained its membership at 40.

The year began with a talk by Mandy Stanley on her life as a children's author. In February Lucy Bellefontaine, a fund raiser for the Royal Agricultural Institution, gave an illustrated talk showing examples of how farmers are helped. A talk on the life of Ernest Hemingway was given by Barbara McElroy,

Since then due to the Corona Virus all meetings have been suspended. However Chris Thomas has arranged several talks, accessed via social media which has helped keep members in touch.

Mary Hannon has continued to plant and maintain the flower tubs at the Village Hall

We hope to all meet again in the not too distant future.
