

## **DENNINGTON WI is 100 years old formed in 1922.**

Having been part of zoom meetings for so many months it was great to have our first “face to face” meeting in the open air in July 2021. 19 of our 40 members enjoyed the sunshine and the social “social get together.”

From September we moved from the meeting room to the main hall as we felt this would give us more space to socially distance but however only half of our members felt confident to attend.

This has been the trend for attendance at meetings so far. We held our AGM in November and the committee was re-elected on mass.

A change of format of our December Christmas celebration but members enjoyed a very sociable evening with sausage rolls, mince pies, cup cakes and mulled wine with entertainment of topical readings read by Angie Norfolk.

This year we have enjoyed excellent speakers each month with our new year beginning in April. We have lost some members but have been able to maintain our membership with the addition of new ladies.

We now look forward to celebrating our centenary with a tea party in August and hope that as the year progresses we will see more of our members attending the monthly meetings.
