

Dennington WI- Report May 2025

Our WI has enjoyed another successful year, maintaining our membership numbers & welcoming several new ladies. We have enjoyed a variety of interesting & entertaining speakers during the year, while our Christmas meal produced by Emma Ward was enjoyed by members & their guests.

Several ladies have taken part in activities & workshops offered by the Federation while a team participated in the Spring quiz evening. We continue to plant & maintain the village hall planters & help with the annual litter pick, although this year we did not have the date in time to organise the usual larger group.

Several local theatre trips have taken place which we hope to continue with the summer theatre event in Aldeburgh.

Visitors are always welcome to join our meetings if any topic is of interest.
