

Rreport for D ennington Parish Council

AGM

May, 2025

I am the Parish Recorder for Dennington. The Recorder scheme is run under the auspices of Suffolk Local History Council.

The aim of the scheme is to provide a picture of the village throughout the year, so that anyone can look back and see what has happened this year and compare with previous years.

Topics range from building restoration, school trips, events and activities in the village to house sales and the weather. Recent items include the cello concert, the art exhibition in Woodbridge, the school's 150 celebration and I shall be asking my neighbour to talk about his school trip in the near future.

If the item is covered in the Dennington News, I merely give a reference to the issue number.

In December, the Record is sent up to the Suffolk Archive at the Hub in Ipswich along with any flyers, newspaper cuttings and magazines etc. Copies of the last 3-4 years have also been sent electronically to the Parish Council.

I recently asked if it were possible to give a link to the Records.

I am quite reliant on people to let me know about events etc and would welcome any information.

Thank you.

Pene Welham

Dennington Parish Recorder.
